I hereby declare that I plan to pursue a degree in the Virginia Tech College of Agriculture and Life Sciences through this Articulation Agreement. I understand that my admission to Virginia Tech is contingent on my meeting each of these responsibilities and if I do so I will be guaranteed admission to Virginia Tech's College of Agriculture and Life Sciences:

- I will maintain regular contact with the designated community college advisor;
- I will request that the VCCS Academic Advisor submit my program of study and an original signed Letter of Agreement to Virginia Tech College of Agriculture and Life Sciences Transfer Coordinator after I review it with my counselor/faculty advisor;
- I will complete my Associate's Degree and prerequisites to matriculate to Virginia Tech;
- I will become familiar with all admissions and degree requirements for Virginia Tech, including minimum grades and overall 3.0 GPA requirements, as listed in the agreement;
- I recognize that admission to Virginia Tech is not guaranteed if my GPA is below 3.0 and I will be held to the same admission requirements as other applicants to Virginia Tech;
- I will communicate any changes in my program of study to the community college counselor/faculty advisor, including changes in full- or part-time status, and continuation in the program;
- In the semester prior to completion of my Associate's Degree, I will submit my admissions application online by February 15th, send official transcripts from all schools attended, and a copy of the previously signed Letter of Agreement to the Undergraduate Admissions Office.
