2023 TRANSFER ROADMAP

International Public Policy (IPPL) 4 semesters (12 hours) of a foreign language the high school or college level. All IPPL students need to be prepared to enter upper- level foreign language courses upon entry into Virginia Tech. ENGL 1105 ENGL 1105 ENGL 1105 ENGL 1106 Z semesters (6 hours) of math at the college agbora level or above. Recommended equivalent to MATH 1014 or higher, calculus- based course. Can also include statistics (equivalents to STAT 2004 or 3005). Sequence 1 MTH 154 or MTH 155 or MTH 245 and MTH 154 or MTH 155 or MTH 245 Sequence 2 MTH 154 or MTH 155 or MTH 245 Sequence 3 Select one or two courses from MTH 154, MTH 155, MTH 167 or higher, calculus-based course and Select one course from MTH 154, MTH 155, MTH 167 or higher, calculus-based course Sequence 3 Select one course from MTH 154, MTH 155, MTH 167 or higher, calculus-based course and Select one course from MTH 154, MTH 155, MTH 167 or higher, calculus-based course Sequence 3 Select one course from MTH 154, MTH 155, MTH 167 or higher, calculus-based course Sequence 3 Select one course from MTH 154, MTH 155, MTH 167 or higher, calculus-based course Sequence 1 MTH 161 without 162 requires an online module to be completed at VT for MATH 1014 credit Z semesters (6 hours) of a science such as Astronomy, Biology, Chemistry, Geology, or Physics. EIS 0 100, 101, 102, 106, CHM 101 or 110, 102, 111, 112 ENV 121, 122 FOR 265 GOL 105 or 110 and 106 NAS 130 or 132 and 131 PHYS 141 or 150 and 132, 131 or 201 and 202 FIS 2054 PLS 241 EIS 2054 PLS 241 EIS 2054 EIS 2010	VT Course	VCCS Course	Admission Advising
at the high school or college level All IPPL at the high school or college level (1000-2000) students need to be prepared to entry upper-level foreign language courses at the high school or college level (1000-2000) level foreign language courses upon entry into Virginia Tech. Recommended ENGL 1105 ENG 111 Recommended 2 semesters (6 hours) of math at the college algebra level or above. Recommended sequences: Recommended Recommended equivalent to MATH 1014 or higher, calculus-based course. Can also include statistics (equivalents to STAT 2004 or 3005). Sequence 1 MTH 154 or MTH 155 or MTH 155 or MTH 245 and Recommended Sequence 2 MTH 1614 or MTH 1614 course Sequence 2 Recommended Sequence 3 Sequence 3 Select one or two courses from MTH 154, MTH 155, MTH 167* or higher, calculus-based course Sequence 3 Select one course from MTH 154 or MATH 1014 cordition to 22 requires an online module to be completed at VT for MATH 1014 cordition to 22 requires an online module to be course from MTH 245 or PSY 213 Recommended 2 semesters (6 hours) of a science such as Astronomy, Biology, Chemistry, Geology, or Physics. Select two courses from the following BIO. Chim 1010, 100, 101, 102, 106, CHM 1010 or 110, 102, 104, 102, 106, CHM 1010 or 110, 102, 104, 105 Recommended 2 somesters (6 hours) of a science such as Astronomy, Biology, Chemistry, Geology, or Physics. IPPL - (Major Disclaimer) This major requires 12 credit hours (4 courses) of a single foreign language at the 3000/4000 level. This results in a course sequence for students who transfer into the program. Students who enter with no language courses will require 8 semesters to complete the required coursework after transferring to VT. Students who enter with some language course credit typically graduate in 4-6 semesters. As such, we strongly recommend that students transfer soon after they have completed some of the strongly recommended language courses listed above.

Required course - In order to be competitive for admission, prospective transfer students must complete this course prior to transfer with few to no exceptions. Not every program has courses in this category.

Strongly Recommended course - Prospective transfer students are strongly encouraged to complete some or all courses in this category prior to transfer. Successful completion of a Strongly Recommended course both fulfills certain degree requirements and can help create a more competitive application for admission, but prospective transfer students with otherwise strong applications could be admitted without this course. Not every program has courses in this category.

Recommended course - Prospective transfer students are encouraged to complete some or all courses in this category prior to transfer. Successful completion of a Recommended course both fulfills certain degree requirements and can help create a more competitive application for admission, but Recommended coursework should be pursued in addition to coursework listed from the Required and Strongly Recommended categories. Prospective transfer students with otherwise strong applications could be admitted without this course.

 Major/program additional point of contact: College of Liberal Arts Recruitment Team (liberalarts@vt.edu)

 Additional Admissions/application support: admissions@vt.edu; 540-231-6267

(Disclaimer) Admissions Transfer Roadmaps are a tool to aid in course selection and prioritization by intended program only. Completion of all equivalent Required courses or all equivalent courses listed from each category does not necessarily guarantee admission into that program. Final admissions decisions are made through a holistic review process and based on numerous additional factors, including but not limited to: overall and individual course performance, strength of applicant pool for intended program, and space availability.
